**NEWSOUTH'S RESPONSES TO BELL SOUTH'S
FIRST SET OF INTERROGATORIES (NOS. 1-13)**

Subject to the General Objections previously filed, NewSouth Communications (hereinafter “NewSouth”), submits the following responses to BellSouth Telecommunications, Inc.’s (hereinafter “BellSouth”) First Set of Interrogatories to NewSouth Communications Corp., as follows:

REQUEST: BellSouth First Set of Interrogatories

DATED: October 15, 2003

Interrogatory 1: Affirm or deny that you have self-provided high capacity transport facilities that you own (i.e., any DS3 or greater facilities, including dark fiber) that provide transport along a route between a pair of ILEC central offices or wire centers in each/any of the nine Southeastern states for use in your own operations. The facilities must terminate to an active physical or virtual collocation (includes all types of collocation, not just those qualifying under section 251 (c)(6) at each end of the transport route) associated with each central office of the pair and be operationally ready to provide transport into or out of each office of the pair. Answer this question in the affirmative if you are self-providing such facilities. For purposes of this question, you "own" transport facilities if (i) you have legal title to the facility; or (ii) if you have obtained dark fiber under a long term (10 or more years) IRU and have attached your own optronics to light the facility. Facilities obtained through any other means, including but not limited to special access, unbundled network elements or other services or facilities obtained from third parties, should not be included in this response.

Response: Per an agreement on this specific set of Interrogatories, NewSouth is hereby providing its responses for all nine Southeastern states.

Answer this question in the affirmative if you are offering such facilities. For purposes of this question, you "own" a facility (i) if you have legal title to the facility, or (ii) if you have obtained on an unbundled, leased or purchased basis dark fiber and have attached your own optronics to light the facility and are serving customers using the facility. Facilities obtained through any other means, including but not limited to special access, other unbundled network elements or other services obtained from third parties, should not be included in this response.
